TRUSTED · INNOVATIVE · SECURE

WWW.CHECKSIXAEROSOLUTIONS.COM

BACKGROUND

CheckSix Aerosolutions LLC., an Aero-Mark company, was founded in 2021 to provide support for select aerospace & defense programs, including aircraft line maintenance, modification and repair, avionics installations, and component maintenance and repair. The company will expand into flight operations and aircraft leasing, as needed to support future growth.

INTEGRATED SOLUTIONS

Palm Springs Repair Station

As the premiere MRO service provider at the Palm Springs International Airport since 1996, we are committed to providing high quality inspections and maintenance services for each of our airline line maintenance and General Aviation (GA) aircraft owner / operators..

Aviation Research Systems Repair Station

A trusted Part 145 repair station serving Beechcraft owners / operators for over 45 years with STC modifications and PMA parts. As an Authorized Garmin Avionics Dealer, we provide avionics solutions for commercial and government / defense small aircraft of nearly all makes / models.

Government & Defense Programs

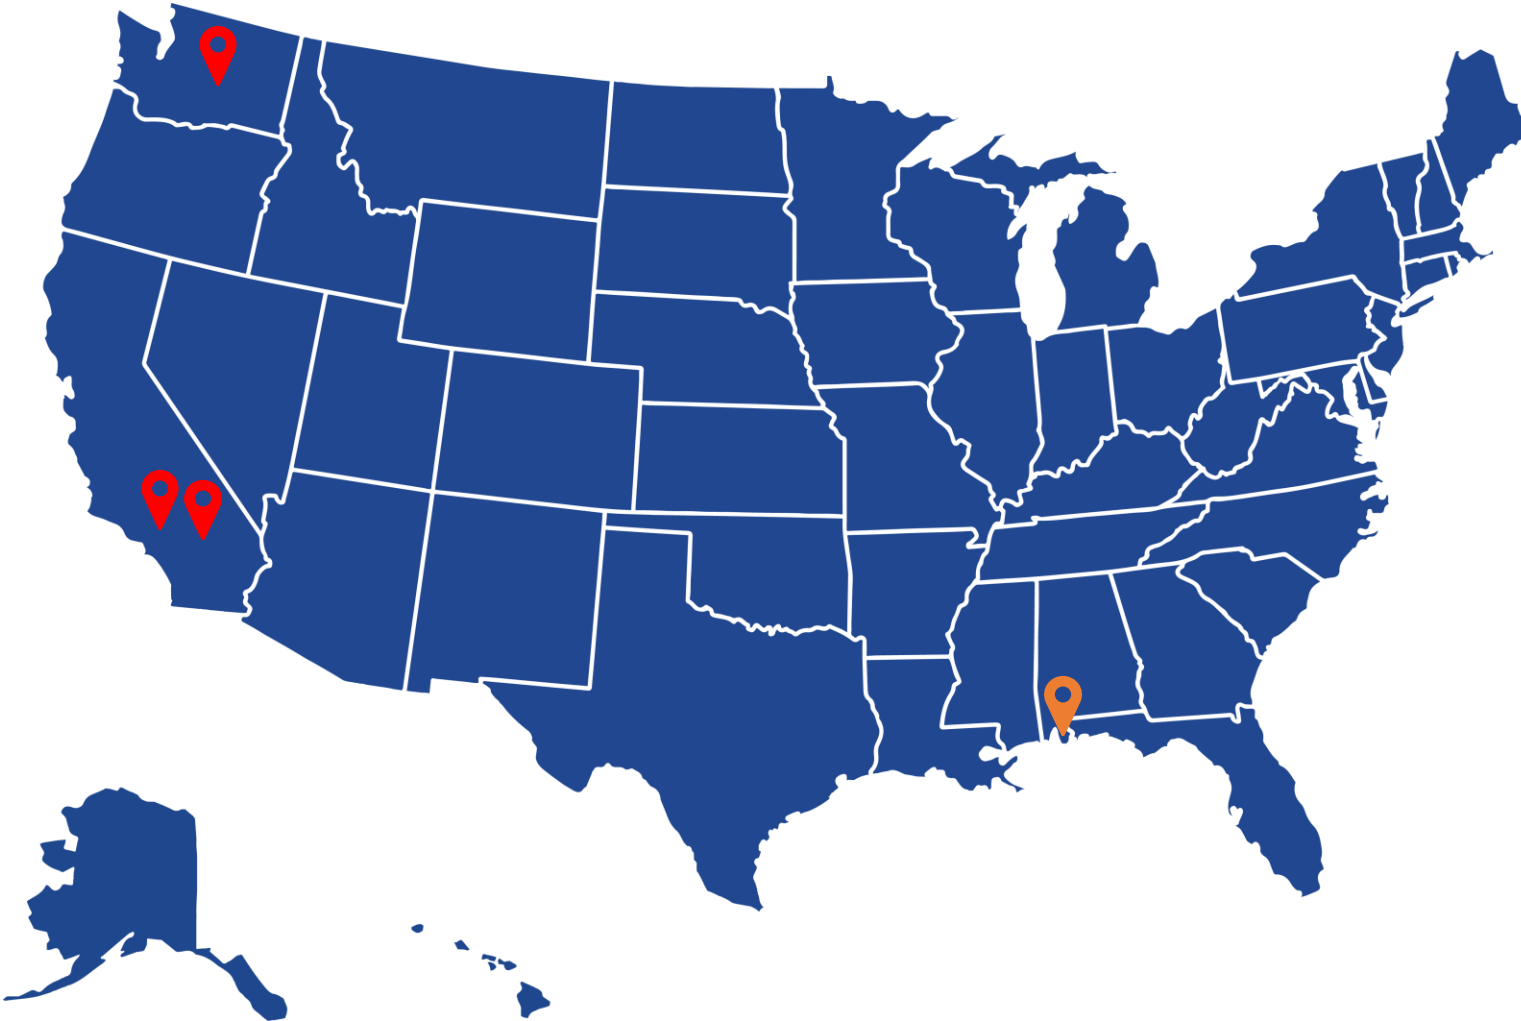

Currently, a top-level provider of line maintenance, minor & major repairs, modifications and heavy maintenance for experimental (R&D) testbed aircraft, including Raytheon's B-727 at Ontario, CA. Expansion into avionics installations, flight operations support and aircraft leasing is being pursued for future growth.

Aircraft Component / Parts Maintenance, Repair & Overhaul (MRO)

A trusted Part 145 repair station serving Bonanza for over 45 years with Beechcraft STCs and PMA parts. In addition to the product line, we have new and serviceable Beechcraft parts, avionics, and instruments.
